

Annexure-1

Details of any research work associated with Faculty

Sr No.	Name of student	Guide	Co-guide	Thesis topic
1.	Dr. Sandeep Kumar (3 rd year PG)	Dr. Manjeet	Dr. Jeewanadeep Kaur	To study nerve conduction parameters in prediabetics and healthy individuals
2.	Dr. Sunil Sharma (2 nd year PG)	Dr. Shalini Sharma	Dr. Jeewanadeep Kaur	Association of pulse wave velocity with anthropometric parameters in young adult females by non invasive periscopy
3.	Dr. Vimal Tripathi (2 nd year PG)	Dr. Shalini Sharma	Dr. Jeewanadeep	Analysis of body composition parameters in TYPE-1 diabetics and healthy individuals in pediatric age group
4.	Dr. Anshul Kundu (2 nd year PG)	Dr. Manjeet Singh	Dr. Shalini Sharma	Effect of pulmonary rehabilitation on treatment outcome in chronic obstructive pulmonary disease patients.
5.	Dr. Abhinand I. B (2 nd year PG)	Dr. Manjeet Singh	Dr. Shalini Sharma	Study of nerve conduction & arterial stiffness parameters in chronic obstructive pulmonary disease patients and healthy individuals.
6.	Dr. Sumit (1 st year PG)	Dr. Shalini Sharma	Dr. Jeewanadeep Kaur	Study of relationship between body composition parameters and ECG atrial and ventricular activity in young adults.
7.	Dr. Arpit (1 st year PG)	Dr. Jeewanadeep Kaur	Dr. Manjeet Singh	Assessment of cerebral blood flow in normotensive pregnant versus pre eclamptic women using transcranial Doppler
8.	Dr. Shweta (1 st year PG)	Dr. Manjeet Singh	Dr. Jeewanadeep Kaur	Study of transcranial Doppler parameters in different phases of migraine with aura patients and healthy individuals.
9.	Dr. Mohit Pathak (1 st year PG)	Dr. Jeewanadeep Kaur	Dr. Shalini Sharma	A comparative study of cardiac autonomic nervous system changes in iron deficiency children versus healthy controls
